- On Tuesday, April 2, 2024, residents will vote on a proposed recurring operational referendum question to help address these challenges and ensure our educational system is appropriately funded.
- If approved, the referendum would have an estimated property tax impact of 13 cents per \$1,000 of assessed property value in the first year. The owner of a home worth \$100,000 would see a tax impact of about \$44 in year one.
- In year 2, the estimated property tax impact would be an additional 13 cents per \$1000 of assessed property value, or \$47 per year for the owner of a home worth \$100,000 recurring thereafter.
- SPASD remains committed to the responsible stewardship of every dollar with strict accountability measures. Investing in our schools is not just a financial decision - it is a commitment to ongoing transparency and efficiency that benefits all taxpayers.
